} emphatic

Perhaps it was all easier when it was just

Pen
Paper
Write

} NOUN } OLD
} VERB } SKOOL

But now it's more

less is more

What copy?
Which computer?
Cite while you write
Lost in Journal links
Concept overload
Backup here
Backup there
Backup over there
Just in case

which OS?

"Concept overboard!"

What about the time to think?

ROFLBL

Pen - Hand connects
Paper - Feel the grain
Write - Brain connects

I am using

With all these clicks, the thinking gets lost

20 minutes to even start concentrating

Then the phone rings or
The clock says it's time for lunch

OUT TO LUNCH

G+

Be more obvious!

Pen and digital
Paper to digital

annotate
Have we "lost the bubble"? ^{1/2}

Interesting

Procrastination is
the mother
of wit. Deal
with it.I am making. You will
see it.
